

PROJECT GOOD MORNING

The Bath Police Department is pleased to sponsor the “**Project Good Morning**” Program. This program is designed to assist senior citizens or adults with disabilities living alone in the community.

The goal is to assist these people so that they may continue living an independent lifestyle. “**Project Good Morning**” will aid in eliminating many concerns families may have about loved ones that live alone.

The program provides the security of knowing that the family member will have a source of daily contact.

ABOUT THE PROGRAM

This program is free of charge. Residents may be eligible for this program if they are a senior citizen or an adult with disabilities living alone.

A short application must be completed and a waiver signed. This will provide us with some basic information about the participant. Upon completion of this application the participant will call the Bath Police Department daily between 8 AM and 10 AM to say “good morning”.

If a police receptionist does not receive your call by 10 A.M. the participant will be called directly.

If contact cannot be made by telephone, a police officer will be sent to check the welfare of the participant.

Who Is Eligible

- Bath residents
- Age 60 and older living alone
- Disabled adult living alone

On days that PD Reception is not staffed, i.e. certain holidays, your call will be answered by County Communications.
