

Winterizing Kits

The following list represents what is normally in a kit. Although very few kits will be available this year, the list below may be helpful when deciding what will be needed to save energy at home.

- Gaps and Cracks foam can
- Latex gloves for installation
- Outlet and switch FGI sealers
 - Shrink window kit
 - Rope caulking
 - Weather zipping tube
 - Shower head
- Pipe insulation (1/2" - 3 ft. sections)
- Pipe insulation (3/4" - 3 ft. sections)
 - Weather stripping for door
 - Efficiency light bulbs
 - Roll of tape
